Compose your Masterpiece!

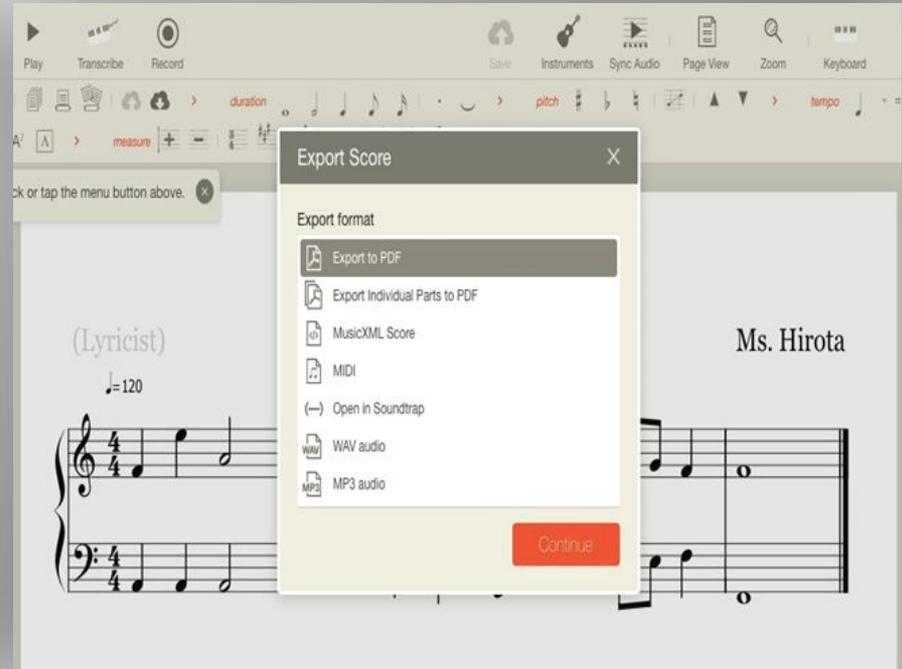

The image shows the Noteflight web application interface. At the top, there is a navigation bar with icons for Play, Transcribe, Record, Save, Instruments, Sync Audio, Page View, Zoom, Keyboard, Help, and Connect. Below this is a secondary toolbar with icons for score, piano, guitar, and other instruments, along with a tempo indicator set to 120. The main workspace is a white sheet of music with the following text: (Title), (Subtitle), (Lyricist), and (Composer). The music is written on a grand staff with a treble and bass clef, a 4/4 time signature, and a tempo marking of 120. The notes are represented by horizontal lines on the staves. At the bottom of the interface is a virtual piano keyboard with labels for C4, C5, and C6. The Noteflight logo is visible in the top left corner.

Export and Print to PDF

1. Complete your piece and don't forget to save!
2. Click the Down-arrow cloud
3. Export in PDF
4. Store it somewhere safe: desktop, Google drive...

A screenshot of a music software interface. The top toolbar contains various icons for playback and editing. The 'Record' button, represented by a microphone icon, is circled in red. Below the toolbar, there are controls for 'duration', 'pitch', and 'tempo'. The main area displays musical notation for a piece titled 'Blither Blather' by Ms. Hirota. The notation is in 4/4 time with a tempo of 120. The interface also shows 'Lyricist' and '(Subtitle)' fields.

A screenshot of the same music software interface, but with an 'Export Score' dialog box open. The dialog box lists several export options: 'Export to PDF', 'Export Individual Parts to PDF', 'MusicXML Score', 'MIDI', 'Open in Soundtrap', 'WAV audio', and 'MP3 audio'. The 'Export to PDF' option is highlighted. A red 'Continue' button is visible at the bottom right of the dialog box. The background shows the same musical notation as the previous screenshot.

Finally, when you have

- **Composed,**
- **Titled and**
- **Exported as a PDF,**

Please submit your work here: **My Composition Project:**

HAVE FUN!
